- payeer, from every country supported
- bitcoin, eth, other crypto currencies

\*paypal and \*payoneer are NOT supported (please note, that NOT means NOT), it's not because I don't trust you. PayPal banned me 3 years ago, Payoneer disabled my feature to get money from private person, selling blackhat materials is prohibited in Payoneer

## HOW TO BUY:

1. Contact using email: [radioideexp@gmail.com](mailto:radioideexp@gmail.com)
2. Ask for payment details
3. Pay and wait, mostly you will get your access details in maximum 2 business days, my bank account is in Revolut, so it's accepting fast transfer
